eK Core Mounting Template

eK Core Mounting Instructions

Tools needed :

· Screw driver

· eK Core mounting package

Instructions :

1. Print out the mounting template at 100 % size.

2. Tape the mounting template to the desired mounting surface, align the 4 big screws to the screw holes (⊕), and fasten the mounting plate to the surface.

3. Use the 3 small screws to secure the mounting bracket to the back of the eK Core.

4. Hang the eK Core to the mounting plate.
